Reception home learning pack
Burlington Infant School

Week beginning 1st June 2020

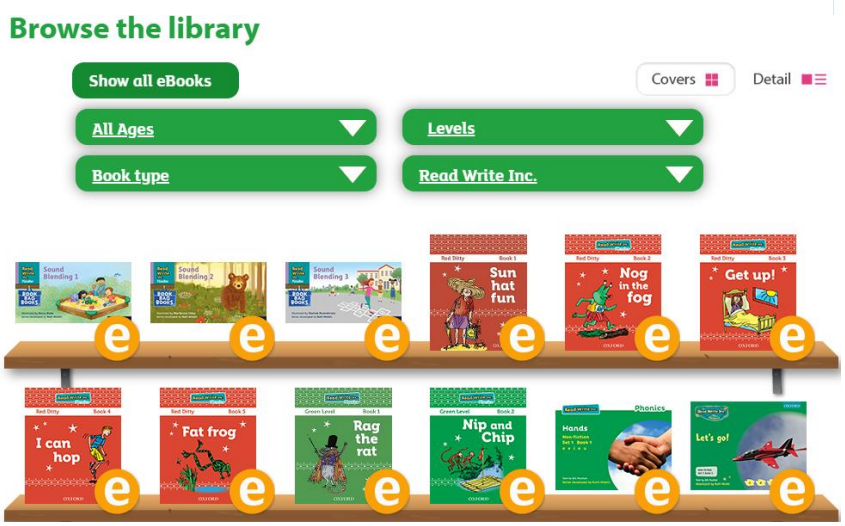
Reading

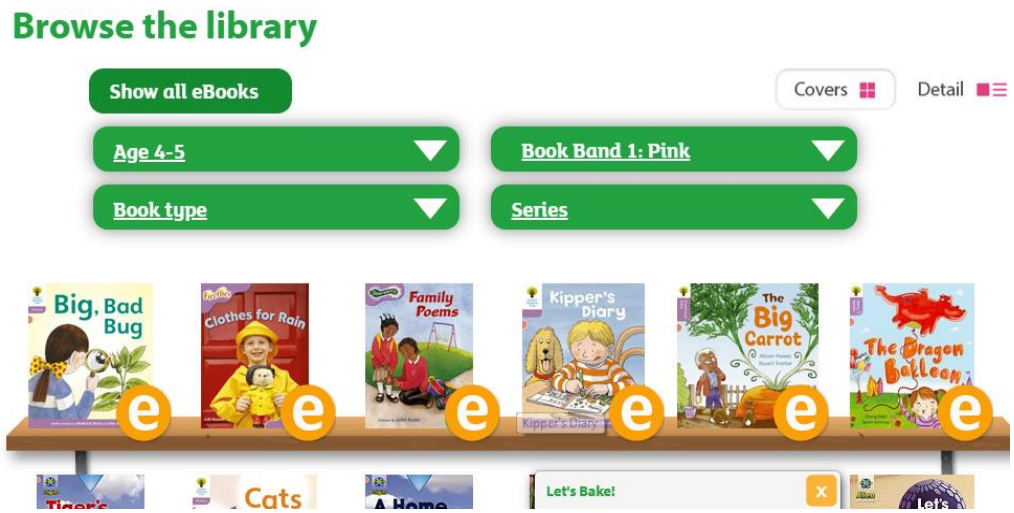
- You could read your school reading book or your grown-ups can find some free books for you to read here:

https://home.oxfordowl.co.uk/books/free-ebooks/

*You have to register but it is free. When you go on to the 'free ebook library' click the drop down that says 'series' and select 'Read, Write Inc,' Then 'sound blending' or 'Red books' or go to 'levels' and select book band 1: pink (most children will be working at these levels).

See below:



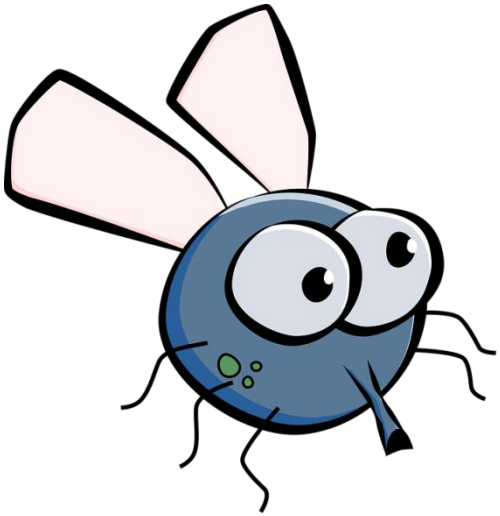


Please continue to practise reading and writing these tricky/red words?

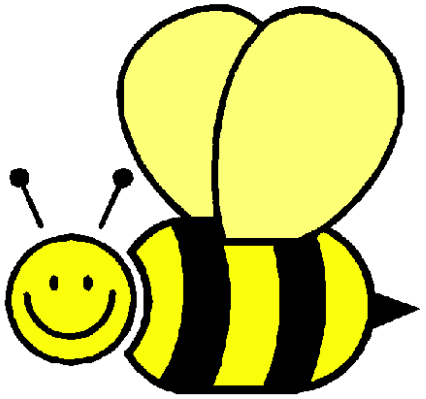
- was
- he
- she
- me
- we
- be
- my

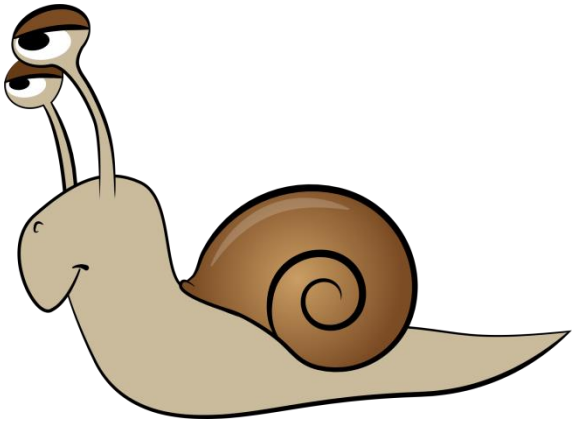
Some of these words will be new to your child. They cannot sound them out using the phonic skills they have been taught, so need you to tell them the words and then keep practising them. They will learn them by sight-flash cards etc.

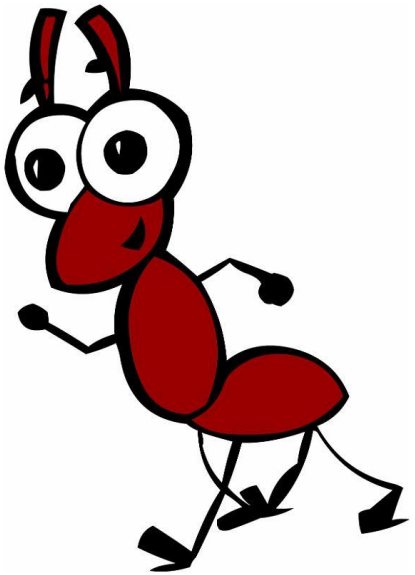
Can you read and write these words?



- bug
- bee
- slug
- legs
- ant
- big
- red







Can you go on a minibeast hunt?

Nature Spotter!

Spend some time in your garden and see how many insects you can spot!
Can you see any on this chart? Tick them when you spot them!

Bumblebee

Butterfly

Ants

Ladybird

Dragonfly

Grasshopper

Beetle

Moth

Hoverfly

Cricket

Can you find out some facts about the mini-beasts that you have found?

Can you tell other members of your family what you have found out?

Can you draw a picture of one of the mini-beasts and write a sentence about it?

Some minibeast craft activities to try

twinkl

Craft Instructions

Minibeast Pebbles

Supplies

- Smooth pebbles
- Paint
- Paintbrushes
- Black felt-tip pens
- White glue
- Pipe cleaners

1 First, look at what colour your chosen minibeast is and paint the whole pebble this colour. You might want red for a ladybird, black for a spider or yellow for a bee! Let the paint dry before continuing to make your minibeast pebble.

2 Next, use the black pen to draw on some details, like spots onto your ladybird or stripes onto your bee.

3 Next, stick some googly eyes onto your pebble.

4 Then, cover the whole pebble in white glue to seal it.

5 Finally, stick some pipe cleaners onto your pebble for the spider's legs or the bee's wings and let it dry.

Butterfly Craft

Sing ……

Here is the Beehive

Here is the beehive,
But where are the bees?
Hidden away,
Where nobody sees.
Look and you'll see them,
Come out of the hive.
One, Two, Three, Four, Five,
Bzzzzzzzzzzz.

Incy Wincy Spider

Incy Wincy Spider climbed up the water spout.
Down came the rain and washed poor Incy out.
Out came the sun and dried up all the rain,
And Incy Wincy Spider climbed up the spout again.

10

Maths

11

- Your challenge this week is to work on doubling numbers to 10.

12

16

19

14

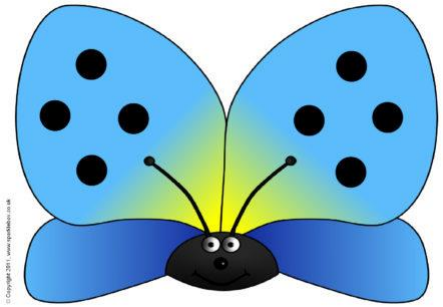
17

13

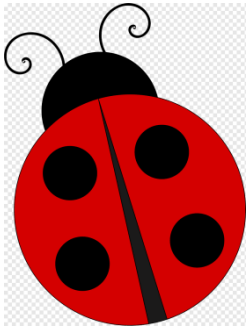
15

18

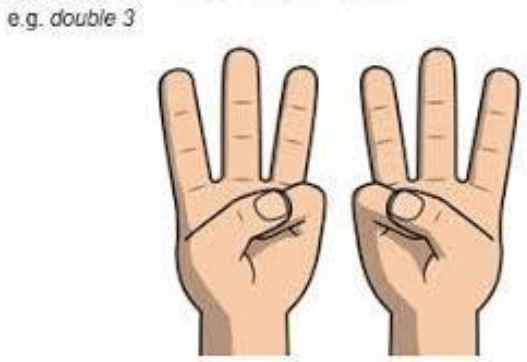
20

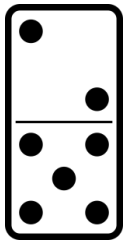


Doubling



- Doubling simply means to get the same again. So double 2 would mean 2 add another 2.
- We have practised doing this on our fingers in class… However many fingers we put up on one hand we then have to put up on the other, then count them (if we need to).





Some activities for doubling

- Watch numberblocks 'the terrible twos' on bbc iplayer

https://www.bbc.co.uk/iplayer/episode/b08q4jkq/numberblocks-series-2-double-trouble

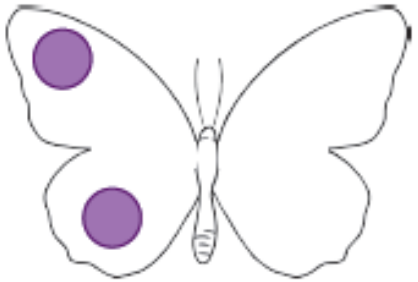
- If you have some dominos at home you could find the doubles and work out how many spots there are altogether.
- Roll a dice, count the spots then double it.
- Collect some items from around the house (up to 5) then double this amount (get the same number again) how many do you now have?
- Fold a piece of paper in half or draw a line down the middle, use some stamps/stickers on one side then do the same on the other side, how many are there altogether?
- Can you complete the activities on the next two slides?

Zoom out (Ctrl+Minus)

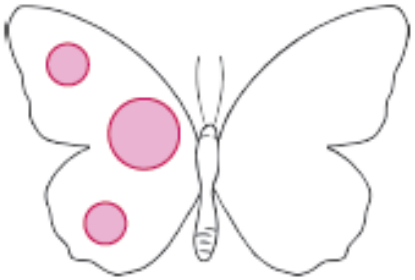
Butterfly Doubles

Double the number of dots on the butterflies. Copy the same number of dots from one side of the butterfly to the other to double them. Count how many there are altogether. The first one has been done for you

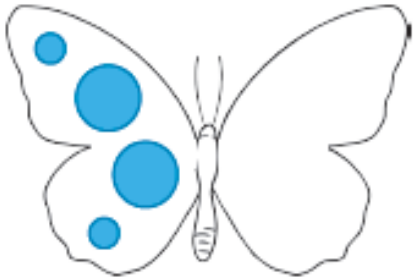
Double 1 is 2



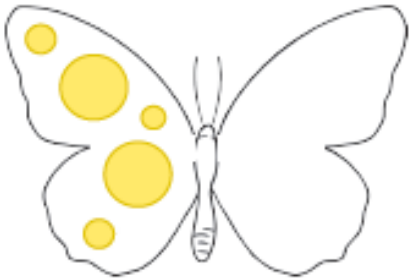
Double 2 is _____



Double 3 is _____



Double 4 is _____



Double 5 is _____

Dice Doubles

Write the number sentence for each dice double.

+ 1+1=_____

+ 2+2=_____

+ 3+3=_____

+ 4+4=_____

+ 5+5=_____
