

Reception

Home learning pack

Burlington Infant School

Week beginning 29th June 2020

Reading . . .

Parents, in addition to your child's school reading book and other books you may have at home, to help your child practise and apply their reading skills, there are some free e-books available from the website Oxford Owl.

The web address is below and it is free to register.

<https://home.oxfordowl.co.uk/books/free-ebooks/>

On the website click 'free ebook library'

Click the drop down that says 'series'

Select '**Read, Write Inc,**'

Choose '**sound blending**' or '**Red books**'

Alternatively, go to '**levels**' and select **book band 1: pink**
(most children will be working at these levels).

Reading . . .

How many of these words can you read? Remember to spot if there are any 'special friends' and then 'Fred talk' to read.

up

on

off

bed

dog

fun

jam

chop

sheep

wing

say

chick

bell

mess

Tricky Words

Please continue to practise reading and writing these tricky/red words.

- of
- she
- we
- said
- He
- be
- was
- me
- my

Some of these words will be new to your child. They cannot sound them out using the phonic skills they have been taught, so need you to tell them the words and then keep practising them. They will learn them by sight using flash cards etc.

Talk time

Do you remember talking about different people who help us?

Think about living in Bridlington and think about the people who help us by the beach that you might have seen when you are out and about.

Bridlington is a seaside town. This means we also have the Lifeboat Station and crew, the beach lifeguards and the Coastguard.

Have you seen the lifeguards on the beach?

Have you seen the new lifeboat and equipment at the Lifeboat station near the Spa?

Have you ever seen the rescue helicopter?

Draw

Can you design a beach safety t shirt?

SWIM BETWEEN THE FLAGS

Watch . . .

Watch and listen to the song, 'Coastwise' all about staying safe at the coast.

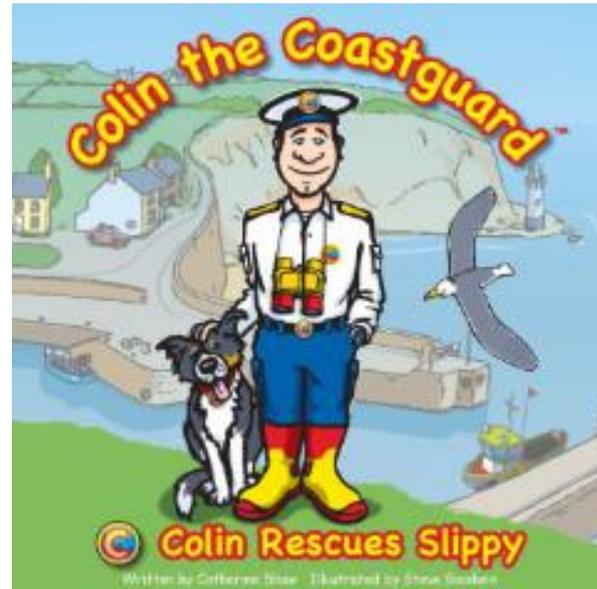

Copy and paste the link below onto a webpage to watch the video.

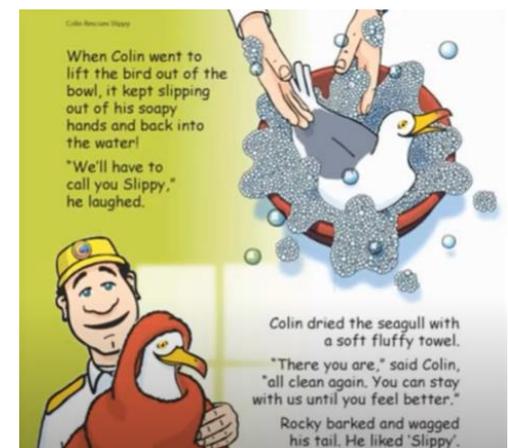

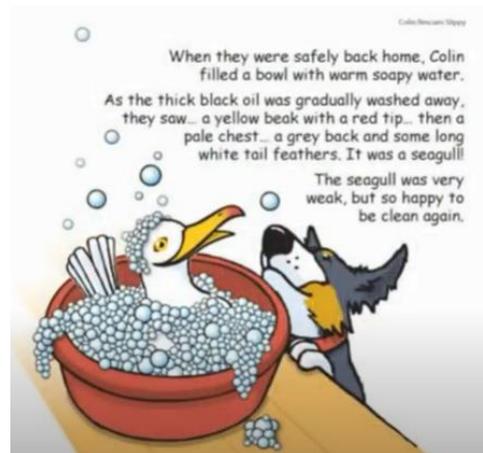

<https://www.youtube.com/watch?v=BkefXeBZPi0>

Story time....

Copy and paste the link to listen to the story 'Colin the Coastguard'.

<https://www.youtube.com/watch?v=J5LsariLCtg>

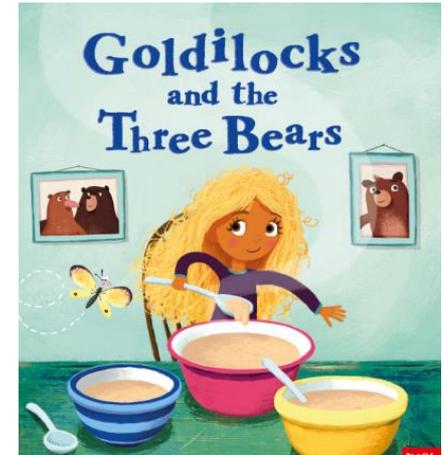

Maths capacity

Capacity is the amount something, such as a container, can hold.

Do you remember the story of Goldilocks and the Three Bears?

Goldilocks tried to eat the bears porridge. Each bear had a different size bowl. Daddy Bear had the biggest bowl and Baby Bear had the smallest bowl. Daddy Bear's bowl had a greater capacity than Baby Bear's bowl because it could hold more porridge.

Try this at home:

When you have breakfast in your bowl at home, try to say when it is full, half full and empty.

Try this at home:

1. Find 2 bowls at home. One bigger and one smaller.
2. Try filling a small bowl so that it is full. (You could use water, cereal, rice or whatever your grown up says you can use.)
3. Now pour that into a bigger bowl.
4. Is it still full?
5. What has changed?
6. Why does it look different?

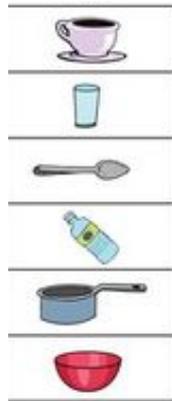

Maths capacity

Try this at home:

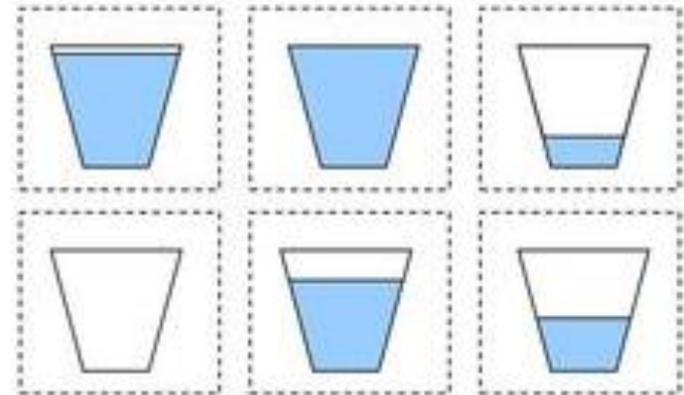

Find some containers that are different sizes.

Can you guess which one will hold the most?

Which one will hold the least?

Can you point to the full, empty and half full containers?

Try this at home:

Can you use a sponge to fill your jugs and containers up? Count how many times you need to add more water to fill up your container. Does this change for a different sized container? If so, can you explain why?

Filling cups and containers by squeezing sponges and flannels.

Capacity
Which holds less?

Capacity
Which holds less?

Capacity
Which holds more?

Capacity
Which holds less?

Maths capacity

Question 1

It takes 10 cups of water to fill this bucket.
How many cups will it take for the bucket to be half full?

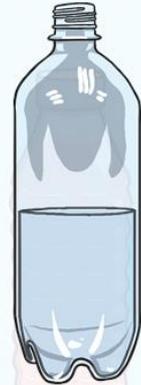

- a. 4 cups
- b. 7 cups
- c. 5 cups
- d. 9 cups

Question 2

How full is this bottle?

- a. full
- b. nearly full
- c. half full
- d. nearly empty

full

nearly full

empty

nearly empty

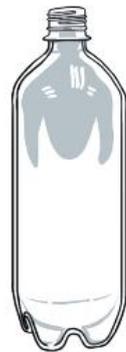

half full

Can you say which bottle matches up with these amounts?

Try this at home:

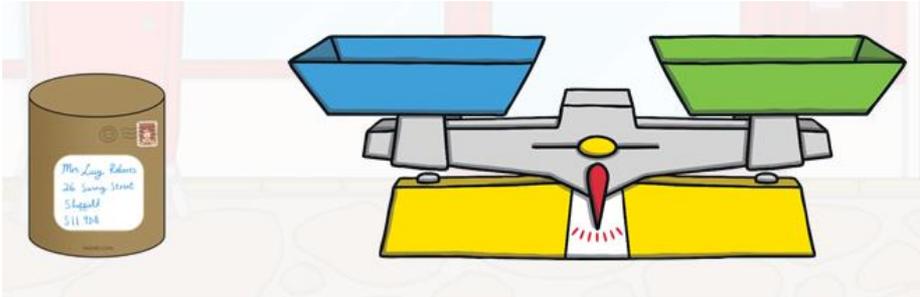

Next, can you use an empty bottle at home to add water to match the amounts shown here?

To make it easier to see you could add some food colouring to the water you use.

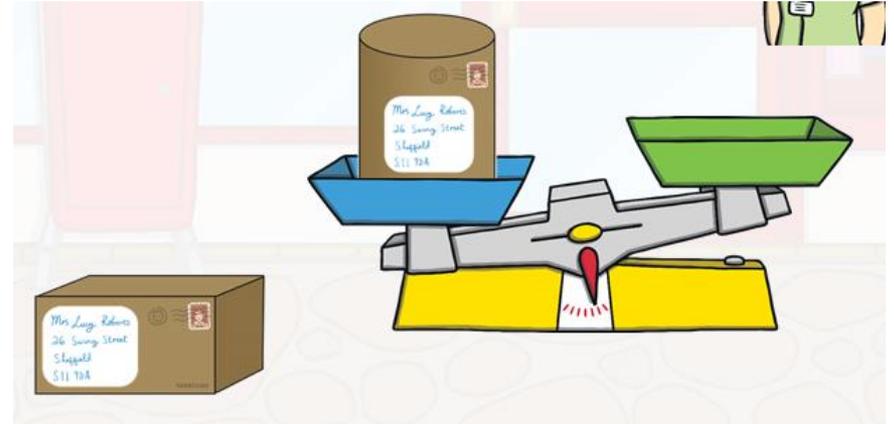

Maths weighing

1. What do you think will happen when the parcel is put on the balance scale?

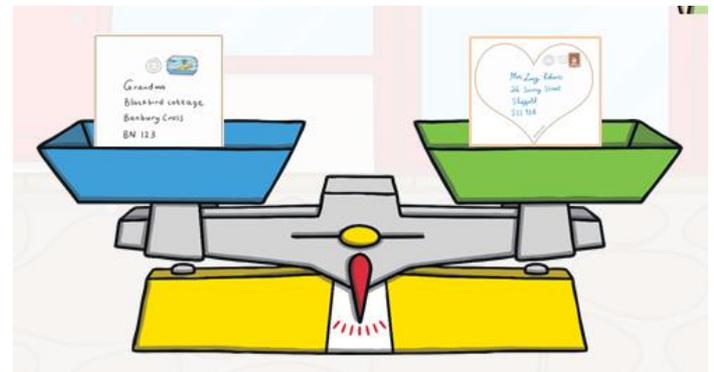

2. What do you notice about the balance scale now?

3. Which parcel do you think is the heavier? How do you know?

4. What do you notice about the scales this time? What do you think it means for the scales to be balanced?

Now try these: Maths weighing

Can you save the superheroes by saying which one is **lighter** on each set of scales?

Can you save the superheroes by saying which one is **heavier** on each set of scales?

Try this at home:

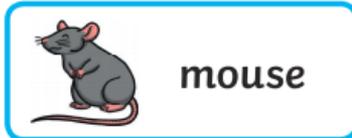

If you have some weighing scales at home you could have lots of fun exploring different objects and comparing their weight. Ask your grown up to help you weigh and compare some objects.

Your scales might look more like these

Maths weighing

Think about the objects below.
Which ones would you put in the heavy group
and which objects would go in the light group?

Try this challenge at home

Heavier or Lighter?

- Find some objects from around your house.
- Hold one item in each hand and then hold your arms out so you look like a balance scale.
- Decide which object is heavier and which is lighter. Then, bend to the heavier side like a real balance scale.
- Repeat with different pairs of objects and tell a grown-up what you have found out.

Stay active....

You could also try out some relaxing moves
from Cosmic Kids Yoga:

<https://www.youtube.com/user/CosmicKidsYoga>

Keep active by trying some more of the P.E moves from Joe Wicks

Joe Wicks: 5-Minute Move Workout 3

Star Jump Sprint

1. Start with your feet close together.
2. Jump and land with your feet wide apart.
3. Stretch your arms out above your head.
4. Jump your feet in and your arms down.
5. If you hear "Sprint", run as fast as you can on the spot!

Joe Wicks: 5-Minute Move Workout 4

Knee Lifts

1. Hold your arms out to the side at about chest height.
2. Keep your arms straight.
3. Lift your knee high up to your elbow.
4. Keep your back straight.
5. Return your foot to the floor.
6. Repeat with the other knee.

Joe Wicks: 5-Minute Move Workout 3

Touch Toes, Clap Hands

1. Sit down on the floor.
2. Legs out in front of you.
3. Stretch your arms to touch your toes.
4. Stand up.
5. Clap your hands above your head.

Joe Wicks: 5-Minute Move Workout 4

The Mummy

1. Hold your arms out to the front.
2. Kick your legs up and out to the front.
3. Cross your hands over each other. First one on top and then the other.
4. Keep your arms and legs straight.

Personal Social and Emotional Development

Copy and paste the link to watch and listen to the story Ruby's Worry.

It is a lovely sensitive story about a little girl who's worry grows until she realises that everyone has worries and, not only that, there's a great way to get rid of them too.

<https://www.youtube.com/watch?v=9IhhCq44ar8>

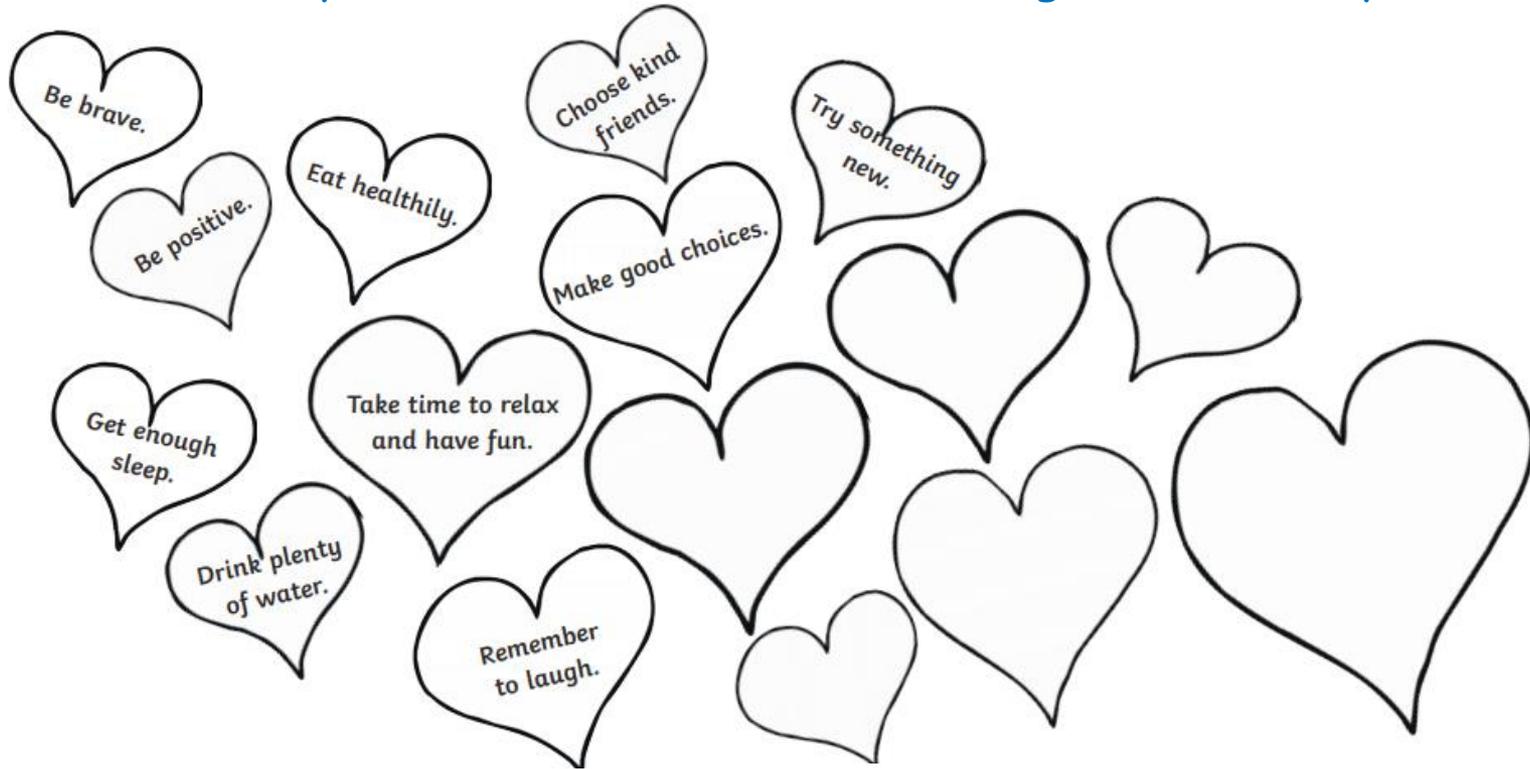

How can you be kind to yourself?....

We often think about how we can be kind to others and what effect our behaviour has on other people.

Have you ever thought about how you can be kind to yourself?

Using the hearts below, write or think about your own ideas about how you can be kind to yourself. Some ideas have been given to start you off.

Stay safe and happy learning!
